Clinically proven daytime therapy for Mild Obstructive Sleep Apnea (OSA)¹⁻³

eXcite^{OSA}

Mild Obstructive Sleep Apnea (OSA)

Snoring doesn't just deprive the body of quality sleep; it can also deprive the body of oxygen and is often the first sign of OSA, where a person temporarily stops breathing repeatedly during sleep due to a blocked upper airway.

During snoring and OSA, the tongue falls back into the airway, which results in a complete or partial blockage. The snoring sound is generated by vibration of soft tissue that is obstructing the airway.

30 million
Americans
suffer from
Mild Obstructive
Sleep Apnea.⁵

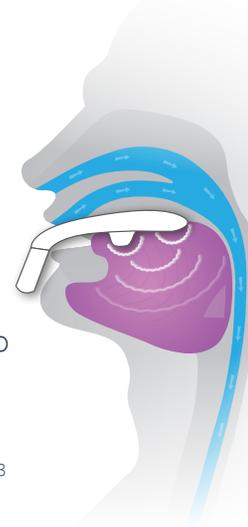

Introducing eXcite^{OSA}

eXcite^{OSA} is the world's first FDA authorized daytime therapy that targets a key root cause of mild obstructive sleep apnea (OSA) and snoring, rather than simply relieving the symptoms.

How eXcite^{OSA} works

eXcite^{OSA} works by using an electrical current to stimulate and improve muscle function of the tongue.⁴

Not only does eXcite^{OSA} reduce snoring, but it is also associated with increased intake of oxygen and improved quality of sleep.¹⁻³

Clinically proven to improve quality of sleep, and significantly reduce snoring and mild OSA¹⁻⁴

20 minutes
a session

1 time
each day

6 weeks

At least two 20-minute sessions are required each week thereafter.

Better sleep or your money back

We are confident that you will notice an improvement in your mild OSA and snoring, and we'd like to give you the peace of mind to get started with eXcite^{OSA}. If you are not satisfied with eXcite^{OSA}, return it for a full refund.

The eXcite^{OSA} Better Sleep Guarantee:

Consistent use is critical to success. While we don't expect perfection, we do ask that you complete 70% of your 42 therapies within 8 weeks of receiving your product before receiving your refund.

The Signifier customer satisfaction commitment is available for cash pay customers and not in situations in which the eXcite^{OSA} is a covered benefit or reimbursable under the customer's health insurance. Our customer satisfaction money back guarantee is subject to change.
